ACKNOWLEDGEMENT

With great pleasure we hereby acknowledge the help given to us by various individuals throughout the project. This Project itself is an acknowledgement to the inspiration, drive and technical assistance contributed by many individuals. This project would have never seen the light of this day without the help and guidance we have received.

We would like to express our profound thanks to Dr. V. H. Deshmukh for her guidance and constant supervision as well as for providing necessary information regarding the project & also for her support in completing the project. We would also thank the faculties of the Department of Computer Science & Engineering, for their kind co-operation and encouragement which help us in completion of this project. We owe an incalculable debt to all staffs of the Department of Computer Science & Engineering for their direct and indirect help.

Our thanks and appreciations also go to our colleague in developing the project and people who have willingly helped us out with their abilities.

We extend our heartfelt thanks to our parents, friends and well-wishers for their support and timely help. Last but not the least; we thank the God Almighty for guiding us in every step of the way.
